

# Southwire Tool Repair

## We can fix your Southwire Tools!

As a Southwire Solutions Partner, we not only stock Southwire's line of state-of-the-art tools, we also repair them! We are the official California Southwire Tool repair center, and our team in San Diego is trained and ready to assist you with your tool repair needs.

We can walk you through the Southwire warranty process and help you take care of:

- Fixing minor issues that need repair
- Replacing parts or pieces of your Southwire machinery
- Processing your tool replacement and getting you a brand-new tool

So, you can get back onto the jobsite with minimal impact to your project!

Initiate your tool repair any of the following ways:

- Contact your account manager who will get you in touch with our repair center.
