

# OneCart Solutions

## PIPE CARTS

The newest addition to our OneCart solutions, pipe carts. These are heavy-duty carts to allow easy movement of long or heavy materials, such as conduit or PVC.

### Focus on your core competencies

- Eliminate the need to pick up materials
- Reduce idle time for installation workers
- Drive on-time performance and increase customer satisfaction

We can stock, repackage, and replenish materials at your job location daily with your customized inventory according to your digital release request. The request is done easily with our barcode scanning feature in our mobile app.

American-made from heavy-gauge steel our pipe carts were designed by electricians who understand job site needs for safety, security, efficiency and durability. Materials can be loaded on the cart with a forklift, one cart holds up to 4,800 lb while also accommodating 10' length material.

**Because we understand that your most valuable asset is time, we deliver material management solutions that make it easy for you to get what you need, when you need it!**
